**WELCOME TO  
THE NEXT LEVEL**

# ELCHE CF ACADEMY

**For players from all over the world born between 2004-2010**

Elche CF Academy is the official youth development project of Elche Club de Fútbol, dedicated to identifying, developing, and promoting young national and international talents.

Our academy represents the essence of professional youth football: a balanced combination of sporting excellence, comprehensive education, and human values.

Through our own methodology – aligned with the standards of our first team competing in LaLiga – we provide a learning environment that fosters each player's technical, tactical, and personal growth.

Our goal is to develop complete footballers with a winning mentality, discipline, and passion for the game, fully prepared to compete at the highest level.

Elche CF Academy not only forms players, but also individuals committed to effort, respect, and teamwork – values that define the identity of Elche CF and are present in every training session.

## OUR CLUB

Elche C.F. is a Spanish football club with more than one hundred years of history, currently competing in its 25th season in LaLiga's top division, and has reached the final of the Spanish Cup on one occasion.

Our fans are known as the "Franjiverdes," proudly celebrate our return to the First Division with over 27,000 season ticket holders. They will once again fill the Martínez Valero Stadium every match, raising their scarves high while singing the city's anthem, "Aromas Ilicitanos", creating a magical pre-match atmosphere.

The club is driving an ambitious development plan that encompasses all areas, from international expansion to the improvement of its infrastructure. Among the strategic projects, the construction of the new Training Center and the renovation of the stadium stand out as fundamental pillars to consolidate growth and strengthen Elche CF's identity.

# YOUTH DIVISIONS

## TALENT DEVELOPMENT

Elche CF's youth divisions have taken a qualitative leap in recent years, competing head-to-head in all categories with the other major clubs in the region, such as Villarreal CF, Valencia CF, and Levante UD.

Our club's training model has become a benchmark for many other academies, thanks to its balance between sporting excellence, personal development, and strong educational values.

Aligned with the methodology of our First Team in LaLiga, Elche CF Academy offers a professional environment where young players can grow, learn, and perform at the highest level.

This commitment to excellence has led several of our Academy players to represent their countries at international level — a testament to the quality and global reach of our development program.
